

CORPORATE BACKGROUND

Novitium Q-Sulting (Pty) Ltd is a limited liability company in the Information Communication Technology sector, primarily geared towards providing solutions and services on Qmuzik ERP Support, Report Writing, System Integration and Application Development to the clients of the Novitium Association of Companies.

The Novitium Association is a single-contact, dynamic and innovative ICT solutions provider of affordable business- and process optimisation services.

It is aimed at empowering the client to become more efficient, proactive and profitable. These services are provided at all levels to meet the client's requirements. The Novitium Association was established through the close cooperation of

the following companies:

- Novitium Q-Sulting (Pty) Ltd
- Novitium Technologies (Pty) Ltd
- Novidatum (Pty) Ltd
- Trentech System Engineering (Pty) Ltd
- Jacqrin Systems Solutions (Pty) Ltd

VISION

To become a leader in the field of Qmuzik ERP deployment, custom business and process optimisation solutions.

MISSION

To provide cost-effective, end-to-end solutions for business and process optimisation that will enable our clients to be more efficient and profitable.

THE NOVITIUM Q-SULTING ADVANTAGE

Why Novitium Q-Sulting? Because we will provide the client with effective solutions to their requirements that are supported by the powerful combinations of critical strengths that set us apart from our competition:

Extensive industry and functional expertise: Our staff have years of experience and knowledge across a wide range of industries and business functions. We therefore speak our client's language and understand their challenges and concerns.

Trust: Our management and staff actively develop strong and long-lasting relationships of trust and confidence with our clients.

Technical excellence: We know how to apply and combine the full spectrum of technologies to create optimal yet cost-effective solutions for our clients.

Team-player-people: Attracting the best professionals enables us to take on the most challenging assignments, whilst the most challenging assignments help us retain the best people.

The total solution: Novitium Q-Sulting with its associated companies provide a range of services from strategy conceptualization to systems development, implementation, integration, testing, training and support.

WHERE ARE WE?
